

East Sussex: Our funding gap

Have your say on the day services at Linden Court

East Sussex County Council is facing a financial gap of £55 million next year.

Most local authorities are experiencing similar cost pressures at the moment.

Despite these pressures, we have a legal responsibility to set a balanced budget.

That means we need to make some difficult decisions about what we spend.

Every part of the Council will need to find savings to help close the gap.

Cabinet considered some of the savings proposals in September.

Any proposed changes that affect services will have a public consultation.

This is one of the Adult Social Care and Health consultations.

The consultations start on 3 October 2024 and close on 28 November 2024.

Decisions are expected to be made on the proposals in February 2025.

Services will continue as normal while we are consulting on the proposals.

This consultation is about our proposal to close the day service at Linden Court and find people places in alternative services. Read on to find out more or visit our website to take part online:

www.eastsussex.gov.uk/funding-gap-asch

Background information

Our funding gap

East Sussex County Council (the Council) has a net budget of £538.1 million for the year from April 2024 to March 2025. Our net budget is the money we have to spend which is financed by business rates, council tax receipts and the revenue support grant we get from the national government.

We expect our net budget for next year to be a similar amount. This means that we are facing a financial gap of £55 million for 2025/26. The financial gap is the difference between the funding available and the cost of keeping services at their present level.

Most local authorities are facing similar pressures. We face this gap even though we are a well-run and efficient council which has saved £140 million since 2010 and found new ways to work effectively through difficult times. Unfortunately, the cost pressures we face now are so great that efficiency alone is not enough and the limited reserves of money we have available would not be enough to meet the financial gap. Most importantly, reserves can only be spent once and could not repeatedly fill the financial gap which councils face every year. It is also not possible to close the whole gap by raising council tax as the increase that would be required is beyond the limit set by national Government.

We are legally obliged to close the financial gap and balance our budget. This means that some tough decisions will have to be made and reduced services are possible in all areas. When making these decisions, our priority will be to maintain protection and support, wherever possible, for the most vulnerable people in our community.

There is more information about why we have to make savings and what we are doing to highlight the issues local authorities face with the national Government on our website at www.eastsussex.gov.uk/your-council/finance/east-sussex-our-funding-gap

Social care support

Adult Social Care and Health is a department of East Sussex County Council. We work with people aged 18 and over who live in East Sussex. We help people live healthy and independent lives, whatever that may look like for them. We look at people's strengths, capabilities, support network, community and difficulties and work with them to find solutions.

The Council has a legal duty to provide social care support to those who are eligible. About three quarters of the East Sussex budget goes on providing social care for children and adults, with adult social care accounting for nearly half of the budget (48%). Care and support for adults is not free and we charge for most of our services. The amount people pay depends on their financial situation, but most people have to pay something towards their care, with the remaining costs paid for by the Council.

Nationally, social care is under pressure due to a combination of demographic, financial, and systemic factors. East Sussex is no stranger to this, facing unique challenges which impact on the need for support and services in the county. Around 25% of the East Sussex population is over 65 compared to a national figure of 18%, average wages remain lower than the national average, and 30,000 people in the county are living in some of the most deprived areas of England. We have also seen a 40% increase in the average weekly cost of providing care in East Sussex since 2020.

As people live longer, they may require care and support for longer, and their care and support needs are likely to become more complex over time. There is also evidence that the cost of living challenges have increased demand for care, as well as making people less able to afford their contribution towards the cost of care.

As social care is such a large part of the Council's budget, we will need to make savings to services in this area too. Reduced services are likely, and we will need to review staff numbers, but the amount we need to save can't be achieved through reducing the workforce alone.

Developing the savings proposals

Given the financial gap we are facing, we know it is impossible to avoid some of our residents being negatively affected by the difficult decisions that we need to make. We have tried our best to identify proposed savings that would have the least possible impact on people's care and wellbeing.

We know too that many of our external partners in the NHS, local authorities, providers and the voluntary, community and social enterprise sector (VCSE) are experiencing their own pressures in terms of demand for services and funding challenges. Where we can, we've tried to take that into account in looking for savings.

Our priority in Adult Social Care and Health is to meet our legal duties under the Care Act. To help us to do this, we have identified funding areas that we think need to be protected when we are looking at savings options.

The priority funding areas include:

- **Community care budget:** This budget covers the cost of care that is provided to adults who are eligible for social care support because of a disability or health condition. This budget is already under pressure because more people need our help, the cost of providing care is increasing, and our residents are increasingly struggling to pay their contribution towards the cost of care.
- **Carers:** As well as protecting the budget for community care which funds support for people who are eligible for social care support, we have tried to protect the direct support we provide to unpaid carers who are looking after their family members and friends. This is because carers play an invaluable role in meeting care and support needs for so many residents and reduce the amount of support residents need from other services.
- **Voluntary and community sector (VCSE):** These organisations make a huge contribution to preventing, reducing and delaying the need for care and support from the community care budget. For this reason, we want to protect the funding that we provide to support this sector as far as possible, particularly where we can demonstrate that services are supporting our statutory duties and other priority funding areas.
- **Frontline workers:** We need to ensure we have enough social work staff and occupational therapy workers to carry out assessments and put care and support in place. We also need to retain enough financial assessment staff to ensure we are funding those who are most in need and that people pay the correct contribution.
- **Care market:** We need to ensure we have enough staff so that we can support the care market and ensure we have a good supply of services that deliver the best value.

Consulting on the savings proposals

There are no easy choices and we know that some residents will be very worried about how they and their loved ones might be affected. We are committed to consulting with you on these difficult decisions and providing as much information about their potential impact as we can to support decision making.

There are 11 savings proposals for Adult Social Care and Health that affect services. We are consulting with the public about all of these. As well as these savings, we are also looking at other funding, staffing and income generation opportunities.

This consultation is about the day service at Linden Court in Eastbourne, which we are proposing to close. You can find out more about the other consultations and take part by visiting our website: www.eastsussex.gov.uk/funding-gap-asch

A Government Budget is planned during the consultation period on 30 October 2024. If any Budget announcements affect these proposals, then that will be taken into account during the decision making process next year.

Consultation overview: Linden Court day service

How the service works now

The Linden Court day service is run by the Council and it is based in one of our buildings in Eastbourne. The service delivers support to people with a learning disability and has several aims including to:

- prevent social isolation,
- enable vulnerable adults to learn and maintain skills, and
- provide respite for parent/carers.

The service currently has 19 members of staff, although there are some vacant posts. The staff are all employed by the Council. There are two sessions a day based in the building, from 9am to 12pm (known as AM sessions) and from 12.30pm to 3.30pm (known as PM sessions) on Monday, Wednesday, Thursday and Friday, as well as a community-based session from 4pm to 7pm on Thursdays (known as the twilight session). The service has space for up to 45 people at all the sessions. The service is closed on a Tuesday.

There are currently 44 people attending the day service, with around 60% of spaces filled for the sessions at the centre. The twilight session has low attendance, with

around only 10% of spaces filled. Some clients require a smaller, quieter setting as they struggle with large groups and noise.

The majority of people who attend the day service at Linden Court live at home with their family. Most of them live in Eastbourne or the surrounding area.

The building-based daytime sessions include art, cookery, music, sport, multimedia, and gardening with some community sessions utilising the local library. Community sessions include exploring the local area on public transport.

What we are proposing to change

We are proposing to close the day service at Linden Court and find people places in an alternative service run by the Council or by an alternative private or voluntary sector provider.

If people want to continue using a Council-run day service, the best option would be Beeching Park, our day service in Bexhill. We are proposing to extend the opening hours for Beeching Park, returning it to a five-day a week service. This would increase the number of clients who could be supported at the service by 25% (increasing the number of sessions available by 200). This would allow us to offer a place at the day service to everyone currently attending Linden Court, if the service can meet their assessed care needs.

Beeching Park would continue to offer three sessions a day. However, the timings of those sessions would need to change to manage the increase in client numbers. Changing the times of the sessions would ensure people have the support they need over lunchtime, as well as providing enough non-contact time for staff to do admin tasks and attend team meetings. We would continue to have a standard client-to-staff ratio of 5 to 1 and provide one-to-one support to clients where they are assessed as needing this.

The table below sets out the proposed changes to session times at Beeching Park:

Session name	Current times	Proposed new times
AM session	9am to 12pm	9.30am to 12pm
PM session	12.30pm to 3.30pm	1pm to 3.30pm
Twilight session	4pm to 7pm	4pm to 6.30pm

There would also need to be some changes to how the service works to support more clients in the most cost-effective way. This would be achieved by reducing the community-based activity and focusing our energies on continuing to provide engaging and stimulating building-based activity at Beeching Park.

There are also day services run by other providers in Eastbourne that could offer an alternative service if people did not want to attend Beeching Park. Examples include Chalk Farm and the Hive of Activity.

Why we are proposing this saving

While we recognise the importance of these services, the budget pressures we face mean that we have to make difficult decisions about how we spend our money.

The pandemic affected the number of people attending learning disability day services. Since it ended, attendance has returned to normal levels at most of our day services. Linden Court is the exception and attendance numbers have not returned to their previous levels. For example, we currently have 42 clients using the service, but before the pandemic we generally had 60+ people using the service. The service has therefore been used to provide a day service to clients who need a quieter environment.

Given the financial pressures we face, it is important to get the best value from the services we run ourselves. The fact that we can potentially accommodate everyone from Linden Court at Beeching Park would allow us to reduce the number of services we are running. This will mean we can make savings from both the staff costs and the other building-based costs.

There are also alternative day services in Eastbourne and other parts of the county that people could attend if they didn't want to move to Beeching Park.

How people and organisations would be affected

For the clients attending the service, the uncertainty about what would happen and the move to a new service if it went ahead could be stressful and difficult to cope with. People may be worried about how the change would affect their service, including transport, activities they can take part in, seeing the staff they like, and maintaining their friendship groups. This applies both to those attending the service which we are proposing to close and to those attending the service that would be expanding to accommodate more people.

Making changes to the Beeching Park service would mean we had space for everyone from Linden Court. What might be different is the days and times when people are able to attend. It is unlikely that we would be able to offer people the same day and or exact times that they have now. People's travel time to reach the day service is likely to be increased too.

Clients using the Beeching Park service would also see changes to their service and may also be offered different days and times for their attendance.

The family and carers of those who use both the services would also be affected by the proposed changes, both in terms of the stress of moving services and the potential for changes to days and times. It is possible that changes to when people attend the service may affect carers' ability to take a break or maintain their employment.

We know there are some clients who attend Linden Court who would find it challenging to use a busy day service like Beeching Park. We would have a small team to work with these clients for a year to help them make the move. If Beeching Park still didn't work for them, then we'd support them to look at alternative options from other providers.

Consolidating the two day services into one building would limit the number of spaces we have for new clients in the east of the county. We would also be limited in our ability to support people who need a quieter service. This may mean that clients who need a quieter environment and new clients would need to be found alternative services from the private or voluntary sector.

Beeching Park is currently closed on a Wednesday and other Adult Social Care teams use the building for team meetings, training and meetings with the public. Linden Court is also used by other teams on Tuesdays when it is closed. We will use the consultation to explore the options for the building in future if the day service stopped using it.

Have your say on the proposal

We are keen to hear from everyone with an interest, including:

- people who have used the services or whose family members or friends have,
- providers who run the services and the staff who work for the services,
- staff and organisations who work with the services or refer people to them,
- providers who support people who use the services, and
- our partners in the public and voluntary sectors who work with the services and would be affected by the proposed changes.

How you can take part

The consultation closes on **28 November 2024**. Please note that if we receive any consultation responses after this date, we cannot guarantee that we will be able to take them into account.

You can fill in the survey online or request a paper copy by emailing or calling (see the 'how to get in touch with us' box later for details). The survey should take about 10 minutes to complete.

We can accept consultation responses via letter and email if you aren't able to fill in the survey. These are a little harder to keep track of and analyse, so it would help us if you can use the survey if you are able to.

If you need the survey in another format or language, please get in touch with us.

COMPLETE ME ONLINE

Use your phone or tablet to scan the QR code

Visit our website at www.eastsussex.gov.uk/funding-gap-asch

As well as the survey, we will ensure that those affected have the opportunity to talk to staff about the proposal through the dedicated consultation events. Support to take part in the consultation will also be available from our advocacy provider POhWER. Information about these opportunities will be shared directly with those who are affected by the proposal.

How organisations can take part

Official responses from organisations should be submitted by email or post (see below for contact details). Individual staff wanting to take part should fill in the survey.

What happens next?

Decisions about whether we go ahead with the savings proposals are expected to be made by Councillors in February 2025. This means there won't be any changes to services before that date. Anyone currently using the services can continue to do so in the normal way and the services can continue to accept new clients.

Councillors will consider the results of the consultation alongside a report that sets out what we are proposing to do next and an Equality Impact Assessment (EqIA). An EqIA is a tool we use to understand how particular groups and communities would be affected by a proposed change. The papers, including the EqIA, will be available to the public on our website in advance of the meeting.

The time frame for any changes to services would reflect the legal and contractual requirements for the service in question and we would work closely with those people and organisations who would be affected. Before anyone moved to a new service, they would have an assessment with our care management team to review their support and identify what would best meet their needs. Carers would also be offered a carer's assessment if appropriate.

How to get in touch with us

Questions about the consultation or your services

You can talk to the manager of Linden Court, Abbie Robson, or you can contact her by email or telephone:

Email: LindenCourt.Admin@eastsussex.gov.uk Telephone: 01323 464 400

You can talk to the manager of Beeching Park, Mark Rix, or you can contact him by email or telephone:

Email: Beeching.ParkAdmin@eastsussex.gov.uk Telephone: 01424 726 770

Submitting a consultation response

Your survey can be emailed, posted or hand to us. If you aren't able to complete the survey you can submit your response by email or letter.

Email: consultationASC@eastsussex.gov.uk

Post: Funding Gap Consultations, North A Floor, County Hall, St Anne's Crescent, Lewes, BN7 1UE

By hand: Give your survey to a member of staff at the day service

The questionnaire

This survey is anonymous and we don't ask you to provide any personal information. There is an optional 'about you' section at the end. Please ensure that any comments you make don't include any names or personal details of you or anyone else. You can find our privacy notice about how the data will be stored and processed by East Sussex County Council on our website:

www.eastsussex.gov.uk/privacy/funding-gap-consultations-dps

Q1) Are you completing the survey as: (Please tick one box - if you have used more than one day service, please tick the one you have used most recently)

- Someone who uses/has used the Linden Court day service
- The family or carer of someone who uses/has used the Linden Court day service
- Someone who uses/has used the Beeching Park day service
- The family or carer of someone who uses/has used the Beeching Park day service
- Someone who works for the Linden Court or Beeching Park day services
- Someone who lives in East Sussex
- Someone who works in health or social care in East Sussex
- Someone who works in housing in East Sussex
- Someone who works in the voluntary or community sector
- Other (please provide details below)

If you ticked 'other' please provide details here:

To submit an official response from an organisation, such as from the board, senior leaders or heads of service, please provide it by email or letter, rather than completing the survey. Individual members of staff should fill in the survey as normal.

Q2a) How much do you agree or disagree with the proposal to close the Linden Court day service and move people to either Beeching Park day service or an alternative service?

- Strongly agree
- Agree
- Neither agree nor disagree
- Disagree
- Strongly disagree
- Not sure

Q2b) Please use the box below to tell us why you agree or disagree:

Q3) How would the proposal to close Linden Court affect you or someone you care for? What you tell us will help us carry out an equality impact assessment.

Q4) Do you have any other suggestions or comments you would like to make?

- Yes (use the box below for your comments)
- No

Thank you for taking part in the consultation. If you would like to, please fill in the optional 'about you' section on the next pages.

**Post your completed survey to: Funding Gap Consultations, North A Floor,
County Hall, St Anne's Crescent, Lewes, BN7 1UE**

About You: Equalities Monitoring Form

We want to make sure that everyone is treated fairly and equally and that no one gets left out. That's why we ask you these questions. Your data is important to us, and we won't share the information you provide with anyone else. Your information will only be used and reported anonymously to support the activity you have completed the 'About You' survey for.

You do not have to answer these questions but by doing so you are helping to ensure our services effectively meet the needs of all our service users.
