

Older people's housing needs survey

Tell us your plans and help us plan for East Sussex

We know that people will make different decisions about where they live as they get older. Some will want to stay living in the same place; others will look to move to more manageable homes; and some will feel that older people's specialist accommodation best suits their needs.

So we'd like to know: What are your plans?

If you live in East Sussex and are starting to think about where you want to live as you get older, we'd really love to hear from you. We want to hear from home owners and renters, and people living in all types of properties.

If you've already moved, we'd also really like to hear about your reasons for moving.

This is your chance to influence:

- supported housing services for older people;
- the sort of accommodation on offer to older people;
- the amount of accommodation that is built; and
- where it is built.

Although this questionnaire is aimed at people aged 55 and over, we welcome views about older people's housing from East Sussex residents of any age.

Please return your completed questionnaire by 19 March to: Housing needs survey, North A Floor, County Hall, St Anne's Crescent, Lewes, BN7 1UE

Retirement housing

Retirement housing is usually built by private developers.

Once all the properties have been sold, the scheme is usually run by a separate management group who employ the scheme manager and organise maintenance and other services.

Sheltered housing

These schemes typically offer self-contained accommodation for rent.

They are usually supported by a scheme manager and 24-hour emergency help. There are often communal areas and some offer activities. Most accommodation is offered for rent, based on need, by local councils or housing associations.

Extra care

Extra care is designed with the needs of frailer older people in mind and most services have eligibility criteria. Residents live in self-contained homes.

It typically has more communal facilities and offers access to on-site domestic and personal care support. Providers in East Sussex include Saxon Weald and Amicus Horizon.
