

Eastbourne Parking Review 2

Informal Consultation

Open 11 October 2024 to 1 November 2024

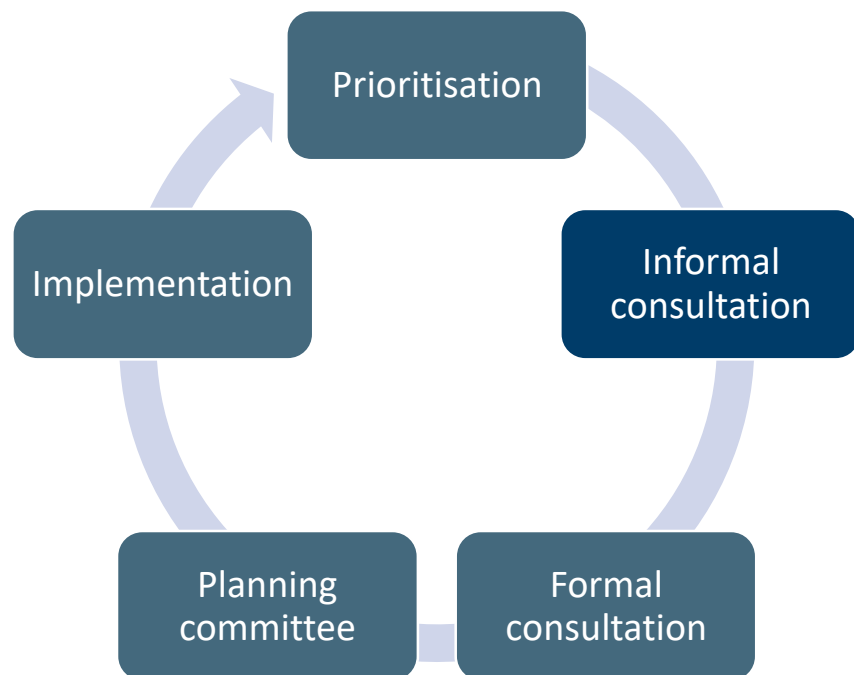

Version 1.0

Parking Review Team

The parking review process

We are continually reviewing our parking schemes to make sure they meet the changing needs of local communities.

A parking review is carried out in each of our civil parking areas every 16 to 18 months. In each review we consider requests for new controls and requests for changes to existing controls.

To make sure our schemes remain lawful there is a formal, legal process that must be followed when making changes or introducing new restrictions. The review process usually includes two rounds of consultation and normally takes 16 to 18 months to complete.

You can find out more about the parking review process, including how to request new or changes to existing restrictions for consideration in the next review, by visiting our website at

Providing feedback

Your views are important to us.

Please take the time to look at the proposals carefully and tell us your views by completing the online survey.

In particular we would like to know:

- which road and drawing number you are commenting on,
- whether you support or do not support the proposals and your reasons, and
- any other comments you may have.

If you are unable to complete the online survey, or would like more information about the proposals, then please contact us using the details provided on this page.

The level of support will determine the outcome of the proposals. If there are a number of suggested alternatives, these will be considered for inclusion in the final proposals.

Complete the online survey

- This is the preferred way to provide feedback as it gathers a range of useful information.

The survey can be found on the consultation hub at
