

# Introduction to the Horsey Way

A public consultation was held in October 2010 where initial proposals for a cycle route that would provide a link between the Town Centre and Sovereign Harbour were exhibited.

The route has been split into 3 sections as follows:

- 1** Railway Station to Ringwood Road.
- 2** Ringwood Road to Lottbridge Drove.
- 3** Lottbridge Drove to Langney roundabout.

Section 2 of the route has recently been completed and was formally opened on 25 October 2013. The proposed route for Sections 1 and 3 has had to be modified since the original consultation in 2010 and the following panels show the latest proposals.

**Funding for the remaining sections of the Horsey Way cycle route (Sections 1 and 3) will come from a contribution secured during the development of Sovereign Harbour.**
