

EAST SUSSEX COUNTY COUNCIL

ROAD TRAFFIC REGULATION ACT 1984, ROAD TRAFFIC ACT 1991 &
TRAFFIC MANAGEMENT ACT 2004

**The East Sussex (Rother District)(Parking Places, Waiting, No Stopping and
Loading Restrictions) Traffic Regulation Order 2020 Experimental Traffic
Regulation Order 2024
(All Saints School Streets, Bexhill)**

STATEMENT OF REASONS

The County Council's reasons for making the Experimental Traffic Regulation Order are:

The Experimental Prohibition of Motor Vehicles on All Saints Lane will support the School Streets scheme in the vicinity of All Saints Church of England Primary School using an Experimental Traffic Regulation Order (ETRO). The aim of the School Streets scheme is to support a healthier local environment near to the school, by making it safer and more enjoyable for everyone in the community to walk, wheel and cycle.

The Prohibition of Motor Vehicles will be **Monday - Friday between the hours of 8.15-9.00 am and between the hours of 2.45-4.15 pm.**

The ETRO will enable the County Council to monitor the operation of the School Streets scheme, to assess if it is working effectively and that restriction to vehicles during peak school hours does not adversely affect all road users and traffic movement within the vicinity of the scheme. The County Council will make appropriate modifications if required.

If it is considered successful, the County Council will make the ETRO permanent (subject to any objections being received during the initial 6 month consultation period, or any subsequent 6 month consultation period) within a maximum period of 18 months.
