# What do you think about our new Supported Housing Strategy?

The Council is asking people for their views on their new Supported Housing Strategy.

When the Council ask people for their views it is called a **consultation**.

We want to make sure that we listen to people and know what they need.

So we use your views to help shape and design our strategy.

Not all consultations are put into easy read.

This is because some consultations are not right for easy read.

Your thoughts and views are still welcome.

You may want to ask for help to take part in the survey.

You could ask:

- A support worker, carer or advocate
- A friend or someone in your family
- Your social worker or care manager.

If you do not have anyone to help you, please call on 07856 934 884 and we will try to help you.

You can find the consultation survey here

https://consultation.eastsussex.gov.uk/public-health/supportedhousingstrategy/

The consultation will close on **21 December**.

This means that you need to send us your thoughts and views by this date if you want to take part.

We will use your feedback to help make sure our strategy helps people in Supported Accommodation in East Sussex.
